Mayor Barnes explained that he requested this ordinance so that the Mayor can appoint members during their tenure and may have up to 2 board members residing in the county. He explained that more than 70% of the citizens that utilize the parks are county residents and provides a broader base of members on the board.

Commissioner Eaves requested to be notified of board member vacancies and term expirations. Commissioner Blythe explained that per ordinance it's the mayors position to make board member recommendations with having the commission's approval. Mayor Barnes responded that of course it's hard to find people to serve and if the commission members know any citizens that would be willing to serve on city boards, to please make that recommendation to him.
